DEBT MANAGEMENT PROCEDURES

If any student falls into arrears with any fees or charges, the University will take steps to recover the debt in accordance with the relevant funding category below:

2.0 TUITION FEES – PAID BY STUDENT FINANCE

- 2.1 If a student has chosen to apply for funding for tuition fees for the current academic year via Student Finance they must supply a Student Support Number and payment schedule to the University. If they have applied for funding but the University has not received confirmation that the application has been approved, they will still be allowed to register for the current academic year but will be advised that payment will be required directly from them if they fail to receive funding .

- 2.2 If the University has not received confirmation by **30 November** that the student's fees will be paid by Student Finance, payment of the tuition fees will become the student's responsibility and payment must be made via bank transfer to the University. Non-payment will result in withdrawal proceedings. **The student will be liable for any other associated costs over and above the debt, including any administration costs incurred by the University and any third party costs including commission, interest and court costs.**
- 2.3 If a student has commenced payments directly to the University and receives notification of funding from Student Finance at a later date, then any relevant refund will be made.

3.0 TUITION FEES – PAID DIRECTLY BY THE STUDENT

- 3.1 Finance staff will issue a reminder (Day 1) to the student advising that they have missed a payment due date and that the overdue amount needs to be paid within 7 calendar days. The student may either make the payment for the overdue amount, or it may be possible to agree a payment plan to re-schedule the remaining amounts due.
- 3.2 If the overdue amount still remains outstanding on Day 7 the Finance Department will arrange for the student's access to IT facilities to be withdrawn. Access will be reinstated once the overdue amount has been paid, or a payment plan has been agreed to re-schedule the remaining amounts due.
- 3.3 If after a further 7 calendar days the debt is not clear the Finance Department will send a second reminder (Day 14) to the student informing them of imminent withdrawal proceedings.
- 3.4 If the student fails to pay within a further 7 calendar days and the debt still remains outstanding the Finance Department will issue the Withdrawal Notice (Day 21) giving 30 days before the student is deemed withdrawn. 'Deemed withdrawn' means that the student will be permanently removed from their studies at the University.
- 3.5 After the 30 days withdrawal notification has passed and there is still no response from the student the student is officially withdrawn and the Finance Department will issue a fourth reminder (Day 51) to the student. The student will be referred to the University's debt collectors, which may lead to legal action being taken against them. Such action may lead to a County Court Judgment being registered, and Bailiffs being asked to seize property. This may also affect a student's credit rating and the student may find it difficult to gain credit for six years. **The student will be liable for any other associated costs over and above the debt including any administration costs incurred by the University and any third party costs including commission, interest and court costs.**
