During your time as a student at the University of Worcester we expect that you will explore many different aspects of your life and this might include your gender identity.

The following information aims to help you navigate and understand some of the University's processes, find out what support is available, give information on accessing that support, and to provide answers to some of the questions you may have.

For the purposes of this document, you'll see we use the widely accepted umbrella term "transgender" and to make things easy to find, we have arranged information by topic, alphabetically.

If you have any further questions or would just like to talk to someone directly, you can contact us at **firstpoint**.

The University of Worcester promotes ethical and responsible behaviour, encouraging an understanding of the values of sustainability, inclusion and mutual respect.

As a community of individuals with different values, beliefs and aspirations, students of the University have a responsibility to ensure their behaviour does not negatively impact on others and that they act as good ambassadors for themselves and the University which they represent. Please see the [Student Disciplinary Procedures](#) for further information.

Each student of the University has agreed to abide by the terms of the Worcester Charter for Students which sets out some overarching expectations of behaviour and can be found on the following webpage [Student Charter](#).

A request to change your **official (legal) name** needs to be submitted before the final Exam Board if it is to be reflected on your degree certificate. You can request to speak privately with a member of staff when showing your identity documents.

We will not request a gender recognition certificate (GRC) as proof of a new identity. However, you may choose to use the GRC as evidence, if you wish.

For further guidance on the requirements for identification at registration, please contact the Assistant Registrar for Admissions, Francesca Fairhurst [f.fairhurst@worc.ac.uk](mailto:f.fairhurst@worc.ac.uk)

## ID CARDS FOR STUDENTS

The Student ID card is your formal identity card. It provides access to university buildings and is your ICT and library card.

Students who change their **known as** name, or whose gender presentation differs from the photo originally taken, can request a new ID card via **firstpoint**. There will be no charge for the replacement card under these circumstances.

You can change your **known as** name via the Personal Details tab on the SOLE page.

Changing your **known as** name is not the same as changing your **official (legal) name**.

## INTERNATIONAL STUDENTS

Any international student with a TIER 4 VISA should contact the International Experience Team if they believe that they might be eligible to change their name and gender on their Biometric Resident Permit.

The International Experience Team will discuss this with you and see how they can assist. You can contact them by emailing the International Experience Team on [international-experience@worc.ac.uk](mailto:international-experience@worc.ac.uk), for information regarding this or any other visa implications or advice on travel abroad.

## NAME CHANGE

Your **known as** name is the name you prefer to be addressed as during your studies. You can ask to use a **known as** name without making any official or legal changes.

Your **official (legal) name** is the name by which you are formally and legally known.

The University will use your **known as** name in most circumstances, such as in lectures. However, there may be a requirement to use an **official (legal) name** at certain times, such as at graduation. Further details on the information displayed on your degree/award certificate can be found in the [Degree/Award certificate](#) section on this document.

You can add a **known as** name to your records when you first apply to the University or later in your journey with us. You can make a change to your **known as** name via the Personal Details tab on the SOLE page.

If you would like your **known as** name to be reflected on your learning platforms such as Blackboard and Pebblepad, you can make a request via the ICT helpdesk portal, or if you prefer, you can contact **firstpoint** or Student Support and Wellbeing for assistance in making the request.

If you are a student attending placements in a health care setting, we would recommend that you contact either your Course Leader, or your Personal Academic Tutor, for advice on how details will be communicated to the placement provider.

Students should be aware that University staff accessing your student record will be able to see your **official (legal) name**, as well as your **known as** name, if these are different. Please be reassured that access to your student record information is limited and members of the University are bound by GDPR. Further information can be found on the following page: [General Data Protection Regulations](#).

If you wish to change your **official (legal) name** you will need to show proof of name change, like a deed poll certificate or other recognised official document. You can do this at **firstpoint** or contact Student Records directly on [studentrecords@worc.ac.uk](mailto:studentrecords@worc.ac.uk).

Alternatively, if you prefer, you can contact our named person for name changes in Student Records, Sally Dobbins (Assistant Registrar, Student Records) [s.dobbins@worc.ac.uk](mailto:s.dobbins@worc.ac.uk).

Once your **official (legal) name** has been changed in the central Student Record, your details should automatically update across SOLE and your connected learning platforms, such as Blackboard and Pebblepad.

Please note that your username (e.g. SMIT1\_92) and email address (e.g. SMIT1\_92@uni.worc.ac.uk) will remain the same unless you specifically request that these are changed. You do need to be aware that your digital profile is linked to your unique

username and, if this is changed, it is possible that access to anything already created in the learning platforms (known as your digital footprint) will be lost. It is recommended that you seek further guidance before requesting any changes to your unique username or University email address.

Remember that if you change your name and gender, you will need to notify other organisations e.g. your bank, Student Finance and GP.

Students are invited to use the title they prefer which reflects their chosen gender identify.

## **STUDY AND WORK ABROAD AND EXCHANGES**

The Study Abroad Programme is open to all University of Worcester students. It is an exciting opportunity but may cause some concerns for transgender students.

## SUPPORT FOR TRANSGENDER STUDENTS

There are a number of places you can seek support, the list below is not exhaustive and you may choose to use a support network that is not listed but that you personally prefer.

- **GP-** If you are considering transitioning, you should speak to your GP about the options and referral to gender clinics.

If you find your GP is unhelpful, ask to speak to a different GP or report the situation to PALS ([patient advisory liaison service](#)).

GPs in England can refer people to a gender clinic without a mental health assessment (Wales still requires the mental health assessment).

- **Mermaids Charity** is one of the main UK transgender charities. It is aimed at younger children, but will work with young adults and will signpost to other support groups.
