# Frequently Asked Questions

### About the Fund

# Q. What is the Access to Learning Fund for?

A. It aims to help students who are struggling to meet all of their costs (e.g. rent, bills, travel expenses, childcare) or who have an unexpected situation that makes things difficult for them financially. Before applying to the Fund you must have applied for all the financial support to which you are entitled, including the maximum Student Loans, Grants & Allowances following financial assessment by Student Finance, or a Postgraduate loan as appropriate and any Welfare Benefits or Tax Credits/Universal Credit that you (or your partner) are entitled to.

# Q. I am not eligible for student funding – can I still apply?

A. This depends on why you cannot get funding; all applicants must also be able to show that they have made realistic provisions to fund their Tuition Fees and living costs before commencing their course. Postgraduate and EU students who are not entitled to core funding from the UK Government will be assessed using an assumed basic income figure. If you have been refused government funding because you are not eligible to apply, or because of fraud, or because you have been deemed 'unfit to receive support' then you will also not be eligible to receive support from the Access to Learning Fund.

# Q. Can the Access to Learning Fund pay my Tuition Fees?

A. The Fund cannot normally be used specifically to help students pay their Tuition Fees. However, if having to pay your own Tuition Fees affects your ability to meet living costs, you could mention this in your supporting statement on page 18.

# Q. How much can I get from the fund?

A. There is no set level of award; how much you receive will depend on your individual circumstances and the amount of money available in the fund. These awards can be of real benefit to students in financial hardship.

# Q. How long will it take to process my application?

A. Applications will take up to four working weeks to process, from the date that the application is received correctly completed and with all necessary evidence/information.

# Q. What if I urgently need financial help?

A. If your situation is urgent you can get further advice from firstpoint. They may refer you to a Money Adviser, but you should not delay in submitting this application. In certain urgent situations a Money Adviser may be able to arrange a small advance from the Fund, once you have submitted your application and all of the supporting evidence.

# Q. What evidence will I need to provide?

A. This depends on your circumstances, but we will need a copy of your Student ID card as identification, evidence of your income, rent or mortgage payments, bank or building society or online accounts and any debts or regular repayments. If you live with a partner, you will need to ask them to provide some evidence as well, as their income and outgoings will be taken into account. The guidance notes will explain what you need to provide, and firstpoint or the Students' Union can help if you are unsure.

Q. Why do you need so much information and evidence?

A. We need to make sure that we understand why things may be financially difficult for you. We also **need to make sure that we can clearly demonstrate that we have followed the University's Access to** Learning Fund Guidance, and are properly accountable for the money distributed through this scheme. The Guidance helps us to award grants fairly to eligible students, based on the evidence you provide.

# Q. I haven't got all the evidence – can I still email in my application?

A. We will not be able to consider your application without all the necessary evidence. If you send it to us without some of the evidence we will contact you to ask for it, which will delay your application. It is **best to wait until you have all the documents ready, but if you are unsure what you need, or don't have** some of the documents we have asked for, contact firstpoint **or the Students' Union, and they can advise** you what to do next.

Q. What happens to all the documents I provide?

A. They are used to assess your circumstances and support your application. They will be held securely electronically and seen only by the people involved in assessing your application or arranging payment. Once a decision has been made, they are stored securely with your application for a period of 6 years, to comply with our financial regulations, and then responsibly destroyed. There is more information in our Privacy Notice on page 22.

Q. How can I get updates on how my application is going?

A. We process all applications as quickly as we can, and will contact you if we require any further information or documentation. We are not normally able to provide updates during the four week processing period, but if you don't hear from us by the end of four weeks since supplying all necessary evidence, please contact firstpoint.

Q. How will you let me know if I will get an award?

A. You will receive a letter by email, normally within four working weeks of submitting the completed application with all the supporting evidence.

# Help and Advice

Q. Where can I get more advice on the Fund?

A. Contact firstpoint to make an appointment with a University Money Adviser for further advice. You can also get advice from the Students' Union. Please note: 1:1 in person appointments are currently not available so telephone, Teams or email appointments are offered.

Q. Will an award affect my benefits?

A. Payments from the Access to Learning Fund may have implications for your entitlement to State benefits, particularly income based benefits. For example, the Department for Work and Pensions will treat payments as capital if they are for general living expenses but will disregard them if they are for childcare, travel, books or equipment. The University Money Advisers can supply you with a statement confirming the nature of the payment if necessary. Any queries on this subject should be taken up with the appropriate Benefits Agency.

Q. I am not sure that I have completed the form correctly and/or am not sure what to put in my supporting statement, what should I do?

A. You can get advice and get your application and supporting evidence checked by making an appointment with a Money Adviser through firstpoint. The supporting statement is very important as it helps us to fully understand your circumstances, so if you are not sure what to put then please make an appointment with us. There is also information on what to put in your supporting statement on page 17 of the application form.

# Eligibility

You must be able to demonstrate that you have made realistic provision to fund your tuition and living costs before starting the academic year.

# Q. Who can apply?

A. You must be a Home or EU student (as defined by relevant UK Student Finance bodies), registered on a course at the University of Worcester or registered as a University of Worcester Student at a Partner College. 'Direct Funding' students who pay fees directly to a Partner College, and non-EU International students are not eligible to apply. Courses must be a minimum of 1 academic year in length.

A Home student is defined as a person who meets certain residency conditions (the same conditions apply to eligibility for statutory student support, e.g. for the student Maintenance Loan).

An EU student is normally defined as someone who is an EU national, who has lived in the EEA or Switzerland for three years or more before their course starts and was living in the UK on the first day of their course. EU students not eligible for help with living costs from Student Finance England will have a notional figure for assumed income included in their assessment.

# Q. Is it only for Undergraduate students?

A. You can apply if you are an Undergraduate or Postgraduate student.

# Q. Is it only for full time students?

A. You can apply if you are studying full time, part time, or as a distance learner.

Part time students who commenced their course before September 2012 must be studying at a minimum rate of 50% of a full time course in order to be eligible. However, disabled students whose disability prevents them from studying at least 50% of a full time course, may apply. Part time students who commenced their course on or after September 2012 must be studying at a

minimum rate of 25% of a full time course in order to be eligible.

# Q. I am getting an NHS/ Social Work Bursary, can I still apply?

A. Yes, Healthcare & Social Work students can apply whether they have been awarded the bursary or not.

# Q. I have temporarily withdrawn from my studies, can I still apply?

A. Yes, students who have temporarily withdrawn from studies and intend to return after time out, are eligible to apply for help from the Fund if they are still recorded as a student at the University. For example, if you are unable to attend your course for health or caring reasons or for some other unavoidable circumstance you can apply for help.

# Q. My parents have good jobs – **does this mean I can't get help from the fund?**A. Not necessarily – the fund looks at your financial situation not your parents, it is still worthwhile applying.

# Q. My partner is working – does this mean I can't get help?

You should still apply – If your partner lives with you we will consider their income and outgoings as part of the assessment.

# Q. I'm still not sure whether I will get an award – is it worth applying?

A. Yes – The only way to find out for sure is by applying. The worst that can happen is that you are not given an award, but this will not stop you from applying again in the future and the best that can happen is that you are awarded some money which you won't have to pay back, so you really have nothing to lose by applying. There may also be other ways in which we can provide help and support, based on the information that you provide. Contact firstpoint or the **Students' Union** if you need help with your application.

Understanding This Form
The <b>pink sections</b> of this form are guidance notes to help you with the application.
The <b>grey box</b> at the bottom of each of the guidance pages list the evidence you will need to provide for each section to support your application.
All <b>purple pages</b> need to be filled in as appropriate.
The <b>page</b> at the end of the form is a feedback form to help us improve the application process. You do not have to complete this page but any feedback would be helpful. These are detached from your application when it is received and stored anonymously – you can also choose to send this sheet in separately if you prefer.
There are more FAQs related to the guidance notes in the pink sections of this form.

# Section 1: About you

- UW Student Number: you can find this on your ID card, or on your SOLE page
- Term-time address: where you live while you are studying
- Home address: your permanent address if this is different from where you live during term-time
- Email address: please provide your university email address, as this is the one we use for official university communications. You can arrange for the emails to be forwarded to another email account if you prefer.

### Section 2: About your course

- Course Title: please give the full name of your course, e.g. 'Ecology BSc (Hons)' or 'Drama MA'
- Name of campus / partner institution: please tell us where you attend to study most of the time, e.g. 'City Campus' or 'Herefordshire and Ludlow College'
- Distance between your term-time address and the campus / institution attended: please indicate the distance in miles for each single journey to the campus / institution you attend all or most of the time
- If you are on placements during this academic year, please tell us whether they are paid, where they will be located, how many placements you will have and how long (in weeks or days) each placement will last in total. You can tell us more about the costs involved in attending your placement in the Supporting Statement on page 18

# Section 3: About your circumstances

- Tell us about anyone you share your accommodation with during term-time (not student housemates)
- If you share your home with a partner, spouse, or your parents, we will need to ask you for more information later in your application. If you live in a shared house with other students who are not your partner, then you will not need to provide any further information.
- Are you a Carer? The Carers' Trust (www.carers.org) defines a Carer as:
  - o "...someone who cares, unpaid, for a friend or family member who, due to illness, disability, a mental health problem or an addiction, cannot cope without their support.
  - o A Carer does not necessarily have to live with the person they are caring for.
    This definition is included only to give you guidance on the types of responsibilities involved in being a Carer. If

you do not fit this definition but still consider yourself to be a Carer then you should still tell us about your caring responsibilities and how they affect you financially.

- Dependants please list any children and/or adults who live with you and are financially dependent upon you in this section.
- You will need to provide evidence of any dependants that you include here, for example a copy of your current Child Tax Credit / Universal Credit statement or your Child Benefit award letter for any dependent children.

# Section 7: About your household expenditure

- Please include the weekly or monthly figures for all expenditure applicable to you and your partner.
- You may have to provide evidence for some or all of these costs (see below for further information). If you do not provide the necessary evidence then the cost may not be considered when assessing your application.
- Some expenditure may be capped for assessment purposes. If you think that you may have higher costs due to a specific issue then you should explain this in your supporting statement on page 18.
- You also do not need to give figures for course related costs such as books and equipment. The assessors will attribute standard allowances dependent on your course. If you think that your course expenditure is exceptionally high compared to that of other students on the same course and you wish this to be considered as part of your application, you should give specific figures and an explanation of your exceptional circumstances in the supporting statement on page 18. You should provide evidence to support this.

### **FAQs**

Q. Why does the form not ask how much I spend on food and bills?

A. We will use standard amounts based on your household make-up. If you think your costs are high due to a specific reason you should give figures and an explanation in the support statement on page 18 and provide evidence to support this.

Q. What counts as medication and healthcare costs?

A. This is normally cost such as the cost of prescriptions and travel to medical appointments.

Q. What does 'applications must demonstrate sensible spending' mean?

A. It means we will check that you have not been deliberately and repeatedly reckless with your money and that you have claimed all of the income to which you, and any partner you may have, are entitled to (including student income and other income such as state benefits like Universal Credits, Tax Credits, Housing Benefit and Job Seekers Allowance)

Q. I have been out occasionally and been to a restaurant for a family member's birthday, does this mean that I will not get any help?

A. We are not expecting you to have never spent any money on luxuries or non-essentials, as long as this is within reason. If there is anything in particular on your bank statements that you are concerned will affect your award then you should include an explanation of it in your application.

Q. I have some costs that I have not yet paid because I don't have the money, should I still include them on the application?

A. Yes, you should still include them in expenditure and explain further in your supporting statement.

Q. I still live with my parent(s) and make a regular payment towards household costs, how do I provide evidence of this?

A. You don't have to provide evidence, just list the expenditure under Rent.

# **Evidence To Provide With Your Application For Section 7**

### Evidence of Household Expenditure for you (and your partner if applicable):

- Copy of your Tenancy Agreement (we only need the pages showing your name, property address and amount of rent) OR Copy of your Mortgage Statement (evidence NOT required if living at home with parents/quardians, or living in a UW hall of residence)
- Copy of your current Council Tax Bill (if liable to pay)
- Evidence of registered Childcare Costs
- Evidence of healthcare/prescription costs (if you have listed any)

#### **Bank / Building Society details:**

• Last 3 month's itemised statements for all Bank / Building Society / Post Office / PayPal / Credit accounts in yours and your partner's name (if they live with you) showing up to a current date. Please note you will need to provide statements for ALL accounts even if they are not currently in use (full bank statements downloaded from your online account are accepted as evidence as long as your name and bank account details appear on the page, but not screen shots of small amounts of transactions uploaded from your phone. It is best to log in to your online banking from your bank's website rather than the app.

### **Section 7: About your expenditure** (to be completed by all applicants)

- Outstanding Debts: Please give details of any debts held by you or your partner and tick if they are no longer available as source of credit i.e. the debts are frozen or in recovery. NB. Bank loans with regular repayment plans are counted as ongoing credit unless they have moved into recovery because you have not kept up with regular repayments.
- You must provide evidence of any debts and regular debt repayments that you wish to be considered, including
  credit card debts, store cards, Klarna etc. Please state clearly any repayment arrangements in place and
  provide evidence of this. If you do not provide relevant evidence the debt and / or regular debt repayment will
  not be considered when assessing your application.

### FAOs

- Q. Does money I have borrowed from family and friends need to be included?
- A. Yes, please list any money you owe to family or friends on page 16 **under 'Outstanding Debts'. You do not need** to provide evidence for this.
- Q. What is a dependent student?
- A. A dependent student is normally under the age of 25 years. When assessing grant and loan entitlement for **dependent students Student Finance England calculate household income by using the student's parent(s) income.** If you have been assessed as a dependent student your award may have been limited due to the level of household income and Student Finance will have assumed that your parent(s) can contribute to your maintenance (living and study) costs.
- Q. What should I do if my Student Finance has been limited due to my parent(s) income but they cannot afford to help me?
- A. In exceptional circumstances the assumed parental contribution may be ignored if there has been a sudden and extreme change in circumstances such as an incident, which has led to estrangement, sudden unemployment or illness. If you think this applies to you please include an explanation. You should also inform Student Finance of your change in circumstances. If you would like further advice contact firstpoint.
