Purpose

The award of prizes can play an important part in recognising in a public way high levels of student achievement either through academic performance or through the quality of contribution to other aspects of University life.

1 Establishment of New Prizes

1.1 The establishment of new prizes and their terms and conditions shall be agreed by the Learning, Teaching and Student Experience Committee (LTSEC) on behalf of Academic Board.

1.2 Proposals for new prizes should be submitted to the **Learning, Teaching and Student Experience Committee Secretary** using the standard form who will record appropriate details and submit the details to the next meeting of the Learning, Teaching and Student Experience Committee.

1.3 If the prize is to be given in the form of a **bank transfer** or books, the monetary value should not be less than £50 per year.

1.4 When new prizes are obtained the donor should be asked to sign an agreement empowering the University to reallocate the prize to another programme in the same or a related subject area, should the original programme associated with the prize be discontinued.

1.5 Once approval has been agreed the Secretary to the Learning, Teaching and Student Experience Committee will inform the **Exams and Awards Officer in Registry Services** and the appropriate Departments so that the donor can be informed and arrange any necessary receipt of funds.

2 General Regulations for new Prizes

2.1 These General Regulations apply to all University Prizes but additional conditions may be added within the criteria governing the particular prize.

2.2 Prizes are awarded by Academic Board on the recommendation of a nominating body; this will normally be an appropriate Board of Examiners.

2.3 At the time of nomination for a prize a candidate must be a registered student of the University.

2.4 A prize may be divided where there are candidates of equal merit.

2.5 A prize may be withheld in a particular year if in the opinion of the nominating body there is no candidate of suitable merit.

2.6 Each prize will prescribe criteria as follows:

- a) the name of the prize;
- b) the frequency of the prize is awarded;
- c) the value of the prize, and the form which it takes;
- d) description of eligible candidates;
- e) the person or body responsible for assessing candidates; and
- f) the criteria for assessment.

2.7 In the case of prizes which are provided out of private endowment funds, the payment of the full amount shall be contingent on the necessary income being forthcoming from the endowment fund.

2.8 The University may withdraw or cancel without notice any or all offers of prizes.

2.9 A School may not create a prize from their own budget.

3 Award of Prizes

3.1 Those nominating candidates must ensure that the criteria for the prize have been met.

3.2 After the nominating body has met, the Chair will notify the Exams and Awards Officer of the recipient of the appropriate prize.

3.3 The Exams and Awards Officer will ensure that a note of the prize is made on the prize-winner's official academic transcript; the prize is listed in the Award Ceremony programme and organise payment if appropriate.

3.4 The prize-winner will receive a certificate and the prize. These are presented at an Awards Ceremony unless the student is unable to attend when it will be sent to the prize-winner's home address.

3.5 Where previously agreed, the appropriate Department will contact the sponsor of the prize with details of the winner.

4 Changes to Criteria or Value of Prize

4.1 Changes to the criteria or value of a prize require the approval of the Learning, Teaching and Student Experience Committee and such changes should carry the support of the donor.

5 Discontinuation of Prizes

5.1 From time to time it may be necessary to discontinue a prize, particularly if the value no longer supports the primary objective of the prize or funding has been withdrawn completely.

5.2 To confirm the discontinuation of a prize, the Head of Department should notify the Learning, Teaching and Student Experience Committee in writing and ensure that the time scale for the discontinuation process is such that no approved prize to a student is outstanding.

6 Monitoring

6.1 An annual report summarising prizes awarded is made to the Learning, Teaching and Student Experience Committee in December of each year. This summarises new and discontinued prizes along with details of the prize-winners.
